Understanding School Fees

South East Coast International School is a project of the NGO **South East Coast Education Development**. The school is not-for-profit and therefore all of the money that comes in goes directly back into the school, for your child's education. The Board of Trustees are all volunteers and no profit is generated by the activities of the school.

Registration Fee

This is a one-time payment covering administrative fees associated with initial enrolment. This must be received along with the completed registration form and secondary contract, **before** the child is admitted to the school.

Please note: Parents are responsible for making payments without reminders from the school. Child illness or leave of absence **does not affect payments**. Parents are still required to pay school fees according to the selected payment plan, regardless of the child's actual attendance. If a month or term is not completed, there will be **no refund**.

For any clarifications or questions regarding the payment of school fees, you can contact the office on 0776 914 788, or come into the school office between 8am and 4pm on any school day.

Please sign this page and submit together with the registration form to the office.
